“We are safe back to Carbondale now. During the orientation on July 16th, we had a five-star service from you. I would like to thank you for your professional guide when showing us the apartments and the city tour. Your well-prepared city information kit will keep helping us to learn the city more.

But anyway, thank you for giving information. Finally, we found an apartment at Marten Manor North, just opposite to Reflections (the place you showed us). We planned to sign the contract with Reflections last day, but we unexpectedly found a

better surrounding area when we accidentally drove to another community. As I know,

there is another new Lilly employee decide to live there. Again, we appreciate your time

and help. I don't think I can find a place to live in 2 days without your guidance.

After we settle down in Indy, we will contact you. Have a nice day!”

“The wonderful thing about your service is that is so customized. Matt showed up with a day planned, but once we got there, our discussions led him to change his plans to customize the tour. We looked at general residential areas. Because of your services impartiality, we were able to see and talk about the areas and narrow our search. We will definitely recommend the continued use of your service for Lilly Relo. Thanks!!”

She took us around and showed us other areas of the city, which really helped me in navigating my way around the city the next day!! Overall, the Global Orientations team offered the best experience that I could have asked for. Especially since I knew nothing about the city before I got there. It was worth the time!!!”

“I never got a chance to really thank you for all you did for us in Indianapolis. We are all very grateful that you gave us a tour of Zionsville, Carmel and Fishers. Also, Keher (our son) really appreciated that you took us to the two schools on Monday.

Perhaps not surprising, I have accepted the offer made by Lilly and we will be moving to Indianapolis. The kids insist on finishing the school year, so I will be alone for 5 months in Indianapolis.

Once again thanks for everything and our best regards.”

“Matt, The orientation you gave us around town was invaluable! Your level of knowledge and professionalism was outstanding. Since then, we have been able to make our way around town almost unaided by our map, even while looking at potential rental properties. We have found a place to rent for the next 6 months, so everything is coming together nicely.

Thank you very much for following up with this list, it is much appreciated. We will certainly contact you if we have any further queries.

Having moved cities 4 times now so we really appreciate how much of an advantage your orientation has given us.

Once again, thank you Matt!”

“Matt, you were fantastic. Your services were phenomenally valuable. Your response to our "last minute" request in less than a week was unbelievable. Bottom line - you delivered above and beyond on exactly what we specifically needed and you promised. Taking your tour ahead of meeting our real estate agent has paid off big time. The value my wife and I derived from

our 4 hours with you paid off in the next two days. The perspective we got from your tour helped us make a really sensible decision around buying our house. In fact - it was so helpful - we bought a house the day after we were with you. We are in the process of closing the deal. A huge part of that had to do with you and your service.

My wife Lori was benefited even more since the day with you was her first day ever in Indy and two days before she picked a home. A large part of that had to do with our thorough selection of a neighborhood without bias prior to picking a house. That made the process of picking a house a lot easier. Even our agent was impressed with how prepared we were. In our case - it took a massive load off our shoulders since we were able to capitalize on what we knew because of you.

THANK YOU FOR EVERYTHING YOU DID. YOUR PROFESSIONALISM WAS PERFECT.

I would love to formally ask you to invite me and my wife Lori to provide any testimonial needed. We will share our story - with your "boss", Lilly relocation or any prospective client - with pleasure. We both are certain in that we will HIGHLY recommend and advise anyone moving into Indy to meet up with your company first. We also would highly recommend you personally. Please feel free to share this message. You have our permission.”

Thank you for showing us around on Saturday; we really had a good time. We did learn a lot about Indy and we're both very excited to get out there so we can start off the New Year right. I won't hesitate to contact you if we have any more questions and we'll probably take you up on your offer to go out with you and your girlfriend for a night on the town once the dust settles from our move. Take care and we'll be in touch. Best regards,”

“Matt was a great resource!! THANKS MATT!!”

J. M.

Ann Arbor, MI

1/16/04

“I loved the tour! It is not easy to move to Indy if you are not familiar with the Midwest. The tour helped us realize the depth Indy has to offer. Indy itself appears to be a great place to live. For us, it is also important to know what else one could do for any day trips in the state of Indiana. Perhaps photos and handouts of nearby attractions and parks would be helpful. I am glad Lilly suggested the tour and if asked, I would recommend it strongly.”

“Sigrid and I really liked the tour a lot. We found the realtor tours are strongly biased towards housing prices and the tastes of the realtor. Whereas Sigrid and I got more honest info talking with you. If we go to Lilly, I think we’ll be asking you for assistance with relocation before a realtor. Thanks again.”

“We both felt that the orientation was very informative, and fun, and we left feeling 100% more confident that we had made the right decision in deciding to move to Indianapolis. Neither one of us had ever spent any time in Indianapolis, and prior to the orientation, we were very overwhelmed with the thought of getting to know a new place in such a short amount of time. Matt showed us everything we wanted to see, and more, and we left feeling much more comfortable with the city and surrounding areas, and with our decision to make the move. The orientation was personalized for us, and Matt was courteous, flexible, and personable throughout the whole four-hour tour. I think this is a wonderful service, and we are very glad that we took part in it.”

“Gabriele,
Thanks for the follow-up. We would like to thank so very much for the tour on Saturday. The girls developed a long list of activities and places to see. We learned a greater appreciation for the area and truly believe we have made the right decision in moving to Indy.

We found a home off of 116th just east of Michigan on Sunday. It is new home and ready to move into. We had our first day of open house on our place in Ohio and sold it well above the listing price. The gods are with us.
Continue the good work,”

She said that she actually took the tour when she came back to Indianapolis for the 2nd interviews. She said the tour was excellent and you provided her with so much additional data. “Hello! Here are some of my reactions and thoughts to the tour:

- I appreciated the flexibility of being able to take my roommate and sister with me.
- The ability to customize the touring sites was great!
 - The tour guides, Debbie along with Gabriel, were very pleasant, warm, and informative. I was impressed with their depth of knowledge about the city ranging from politics, to history, to sporting events, to different communities, etc.
- Debbie was a good communicator in verifying the date and time. She also called when she knew the pick-up time was going to be a tad late. My only suggestion would be for Debbie to speak a tad louder. She has a very pleasant voice but somewhat soft. My sister and roommate did have a hard time hearing her at times. I was in the front seat and heard fine.
- Debbie did a nice job of honing in on sites that excited us and offered additional insights.
- It appeared that Debbie went the extra mile to let a store owner know that we were new to the area -a very nice touch.
- My roommate made several comments that these tours exceed her expectations and I will agree.

We gleaned some great information about sites we were most interested in and learned so much more about this fine city. Realizing that this was Debbie's first tour, she did an outstanding job. Thanks for a wonderful experience.”

“From the time he picked me up at my apartment until we completed the tour, Matt was very courteous, personable, friendly and informative. He showed me only the areas in which I had an interest and made sure I knew where I was in relation to large landmarks, etc. all throughout the tour. He answered all of my questions and made sure I was completely satisfied before we finished for the night. Both the tour and information package I received in the mail will be extremely helpful as I become accustomed to the area. I am originally from Chicago and I know moving to a large city can be pretty intimidating. With all the information I need at my fingertips, I am sure my move to Indy will be a smooth one. Thanks!”

“Gabi is a very good person to be orientating people to their new area. She has a very comfortable type of communication and she’s very knowledgeable. Great service! The persistence on G.O.’s part to schedule the tour paid off for us. Any company that sponsors this program (like Lilly) goes the extra distance to show new employees that they care about their families and comfort in the new community. The benefits are exponential to the future employee/company relationship. Thank you G .O. and thank you Lilly.”

I was overwhelmed at the amount of information he gave me the next day specifically targeted at my personal needs. Even though I did not choose any of the properties we visited, it was not in any way due to any misdirection or misinformation from Matt. We are still in the process of making our decision about Indy-perhaps another week or two.

“Matt was very friendly, knew to focus the tour on what was most important to me, and gave me very helpful information on what apartments he would recommend. With so many apartments to choose from in Indy, it is hard to narrow it down to ones you should look at, so I found that very helpful. I was most interested in getting an idea of a place to live, and seeing different locations of the city and how far apart they were. After getting to see much of the city and visiting a few apartments on the tour, it made it a lot easier for me to return to Indy on my own to look at more places.”

“We had our tour a couple of months after relocating. I would recommend an option where people can take their tour later, like we did, because you have a much better idea of what you want to see. If we took the tour immediately after arriving we would have gone to things that we found easily on our own. It would have been a waste of our time. Also – you should let us know if we should tip the representative. She didn’t ask for anything, but after we were done I wondered if I should have done that.”

“Lisa was the first vendor/consultant I heard from regarding my family’s relocation to Indianapolis and she was extremely nice, very professional, and she definitely brought the exciting aspects of the move to the forefront when I really needed it. Relocating is full of so much stress, talking with Lisa and participating in the City Tour was really the best part of my transition. I became excited about my new city and really forgot about all my “got to do this, got to do that” worries, I can’t thank her enough for that!”

“The service was invaluable. The binder of information is so helpful, and the whole experience of going on the tour was awesome. I’m ready to go again!”

“Dear Diane, I apologize for the late reply. It was a real pleasure meeting you as well. You did a wonderful job with our tour. Thank you! The condo tour was pretty fun and also beneficial. I emerged a lover of the Mill No. 9, although most of the desirable floor plans have already sold. I'm in the midst of making an offer on a town home in St. Joseph's. In fact, it's probably two blocks from the dry cleaner you pointed out! I hope all is well with you. And thanks again for the wonderful tour.
Best regards”

“Lisa was terrific. She was well prepared, made excellent use of the 4 hours we had available and went above and beyond by taking us to various parochial schools in the area. She directed us to multiple neighborhood areas on the North side which we perhaps would not have considered without going on the orientation tour. Lisa was candid about the pros/cons of these areas. She seemed quite knowledgeable about the services (e.g. children's hospitals, infrastructure) that the various areas could offer.”

“I would recommend this service to anyone relocating to the Indy area. The experience of taking the tour will help us work effectively with our real estate agent. It has also facilitated our identification and evaluation of parochial schools for our children.”

“Lisa was great. She is very personable, professional, and met my immediate need of finding temporary living within a short distance of Roche. She had numerous resources that we utilized as my needs were not known until after we started looking at places for me to stay until my current home is sold and my wife moves here. Lisa’s attention to detail and convenience of geographical knowledge aided me in comfortably navigating the area around the Shadeland Apt complex.

If possible I’d like another tour with Lisa, in a few weeks for both my wife and I, in order to better learn Indianapolis and to find potential areas in which to purchase a home. The initial tour was done with the primary objective of quickly finding a temporary place to stay. This was conducted five days before I started. It would be nice to spend time looking at a greater view of Indy with the purpose of discovering a few good areas to live relevant to our jobs, food, shopping, medical.

We can’t thank you enough for having Diane take us around.”

“I’m not normally one to give all top rated scores, but I was very impressed and appreciative of the information Andrea gave me in about a 5 hour period. She was very professional, yet personable, and made great efforts to become familiar with what my particular interests and needs were. It was a very worthwhile experience.”

“The service was both great and valuable. Understandably, there is only so much that can be covered and seen during a four or five hour stretch, but I felt we packed a lot into that time period. It’s been made very clear that I should not hesitate to follow up with any questions post-tour, and that is much appreciated as well. I realize there is much that I will need to discover and find out myself, but any additional insight about the area I can receive is much appreciated. Thank you!”

“I and my wife enjoyed the time together with Diane. She was very nice. She had almost all the answers for our questions/concerns. In fact her comments helped us in deciding the kind of apartment we wanted to rent. We were aiming to visit couple of apartments to finally rent one and we accomplished that. Apart from that Diane also took us to the town library and around Greenfield.”

“Initially response time was little slow. I was supposed to meet with the representative on Sunday and until Friday 1:30pm I had not information what I am going to do on Sunday. In fact earlier I made two calls on Monday and then on Friday to find out if the company is really planning for the orientation.

But finally Diane called up and we had something fixed by Friday afternoon and later on Sunday when we met her everything was great.”

“Cathy did a great job in being prepared with the information we had requested. She was very kind and professional throughout the day, and made every effort to accommodate our specific requests. She was very knowledgeable about the Indy area and about the Carmel area. The only recommendation I would have is to make sure that there is a good map of the areas to be scouted. She had good Mapquest directions, but when I made some requests to change the itinerary, we didn’t have a map of the area (north of Carmel) and had to do some scouting. It all worked out very well, but it would have been a bit simpler with a good Hamilton County map.”

“Tom and I can not thank Cathy enough for the wonderful tour she gave this past Sunday! We found a house to rent in Franklin township (it is on Victory Drive off of Arlington, just north of Thompson). I will be honest in that I have not looked through the binder yet so if this request was already satisfied, I apologize. I was looking for specific information on the township-businesses, shopping (other than Greenwood Park Mall), gyms in that particular area, garbage pick-up, recycling, a map if you have one, etc.

Again, Cathy, thanks for the great tour! It certainly was a great start to our future in Indianapolis!”

“The service is good. The only problem is that since my service time was on Saturday, 2 P.M. to 6 P.M., most of the apartment offices closed at 5 P.M. Therefore I didn’t have the chance to see some apartments inside after 5 P.M. If someone would have told me about that, I might have considered another date. “The agent is very knowledgeable of Indianapolis and surrounding areas. She gave us valuable information about different neighborhoods where we plan to purchase or rent. She paid attention to our questions and made efforts to show us places of our interests. In addition, she is very nice and made us feel welcome.”

“The tour is very informative and the personalized information package is very useful. I wish there would have been more time for the tour as four hours seemed too short to have a good idea about both, Indianapolis and the surrounding area.”

“Jessica - thanks for the follow-up. I'm glad you had a nice time with us; we certainly had same with you as you could tell from all of my daughters' favorite songs that she 'entertained us' with. Your good humored, personable, pleasant disposition and your passion for your hometown, evident from your depth of knowledge and good cheer about what goes on in it, made the time with you so very worthwhile. I hope you share a copy of the picture with us; also whenever you use it in publications; etc. a copy of the material to me too as we agreed.

Thanks for continuing to look out for professional biotech/pharmaceutical association meetings for me; medical devices & diagnostics too if you can. I belong to the Regulatory Affairs Professional Society [RAPS], Parenteral Drug Association [PDA] and The American Society for Quality [ASQ]. I had given up the American Association for Pharmaceutical Scientists [AAPS] a while back; turned out to be almost an exclusive PhD club.

I have committed with the Wellington Place apartments. Seems it's about the only one with townhouses; we did not want to rent a house directly from a private owner and I recall I never brought it up. A coworker here had stayed there during his corporate housing months and I liked it then when I saw it and he gives it high recommendations too. We'll see.”

“Cathy was very knowledgeable of the areas, and provided us with areas in which to look for our new home that we had not thought about. She provided us with lots of insight into the different communities as well as the global overview of Indy. A job very well done, and we will be recommending her to others relocating out to Indy.”

“We were originally unsure what we would get with this service, and we were very surprised with the outcome, as this is a great service to receive.”

“Cathy was very professional, well-prepared, courteous, and accommodating to my family. She was very considerate to the fact that our children were part of the orientation, even to the extent of providing snacks for them. She knew our needs and interests, and prepared a tour that introduced us to all of things we were looking for. We appreciated her time, information, and thoughtfulness in helping our transition becomes as smooth as possible.”

“The service was great, not to mention very helpful, beneficial, and relaxing. It was very pleasant to experience the various sites (neighborhoods, children's parks, playgrounds, theaters, etc.) from someone who knows the "ins-and-outs" of the area. I would recommend this service to anyone looking to move to Indianapolis. We received tons of information that we'll be able to reference as we become more knowledgeable about the area. Overall, the service, undoubtedly, met our expectations and made for a very enjoyable and educational tour.”

“My afternoon with Cathy Babcock was absolutely excellent. She is extremely knowledgeable about the Indianapolis area and I really enjoyed the tour. Cathy is an exceptionally nice person, very professional, and a pleasure to be around. It also is relevant to note that she is a very good driver. She showed me a plethora of things in the Indianapolis area that I found interesting, from locations of sporting arenas and the NCAA headquarters to excellent fitness clubs and trendy bars. The packet that Cathy and her assistant assembled for me is an amazingly helpful resource.”

“The service is excellent! Overall, I give an A+ and three thumbs up with a smile!”

“Cathy, I just wanted to say thank you so much for all your assistance last weekend during my house hunting trip.... I appreciate so much how helped get things re-focused so that we were looking at things that I was most comfortable with. I am happy to report that I did purchase the condo we looked at first and liked so much... I will be closing on June 14th! It has certainly been a whirlwind and continues to be... but that piece being done is a huge weight off my shoulders....”

“Thanks again!”

“I had a unique situation. I received a job with the NCAA and have to move by this Friday. I only provided a small amount of information and Kathleen only had it for a day to find places to live. She provided extremely helpful advice and expended all possible contacts and ideas to find me a place. She was very professional, polite, personable, and helpful. She was definitely a blessing in an otherwise hectic day.”

“Todd was great the only suggestion I could make is it would have been nice to have someone from Lebanon giving the tour so they could tell you more about where to go and things like which doctors are better.”

“Tonya was very nice and personable. The book she put together was great.”

“While our guide was great and extremely personable, I didn't feel as if we maximized our time together. Part of that was because we were traveling with a 3 month old baby and we may not have been as prepared as I would have liked to have been.”

“Todd was a lot of fun to tour the city of Indianapolis with. It was obvious he had paid close attention to the main things I was looking for in an apartment and was able to relay that information to those sites we viewed that day. There were a couple places that were lacking in some of the areas I was concerned about, primarily cabinet space in the kitchen and he helped me analyze the square footage of the kitchens and gauge which apartment had the largest space available. Also throughout the day if there were questions that I forgot to ask, Todd was right there to bring them up. (He had my back!) He was also very kind enough to provide me with some follow-up information on things like the location of the nearest post office, leads on a salon to get my eyebrows waxed, and a place to inquire about music lessons. Overall, I thoroughly enjoyed my orientation and truly appreciate all the work Todd did.”

“Spending the day with Betsy my husband and I were "sold" on the city of Indianapolis - (previous trips had only left both of us frustrated and questioning our decision to accept the transfer). Working with Betsy has been a pleasure. After a few conversations and one day on road with her, Charlie and I felt we had made our first friend in Indy. Thanks again!”

“This was the best tour I have ever been on. I was not expecting to get this tailored experience. She spent almost 8 hours with me that day so I would feel extremely comfortable not only with my short-term stay but when I would be purchasing a home and the surrounding area. Meredith has to be one of the best that you have and I want to thank you for allowing her to take me around. It was a very valuable experience. I plan on contacting her again after I relocate.”

“Carrie was so accommodating realizing my unique situation and tailoring a day for me last minute with a magnificent travel guide. I have to hand it to you guys you do it right.”

“The only way this service could have been better is if they paid for my home too! Everything was professional and accommodating to my specific needs.”

The tour part was great. Beth gave an excellent tour of the area and provided a lot of helpful information that was tailored to me and my daughter. The rental finding part of the service was bad though. We looked at 4 places and I think 3 already had rental applications. I ended up having to get an apartment which I didn't want to have to do. I wish a different service could have been used for this part. Beth was a great tour guide!

“Beth was the perfect match for us as a guide! She knew just where to take us for our family needs. We appreciated the opportunity to select things that are of interest to us, and not just a general info tour. Seeing the sites and the many places of interest to enjoy made moving here even more exciting!”

"I just wanted to say how pleased I was with my tour through Global Orientations with representative Meredith McVicker. I am a new college graduate who has never before lived in this region of the country, and the entire process of moving and finding an apartment was new to me. I came in feeling anxious, but I left feeling very relieved and happy.

The tour was extremely successful. I was able to find an apartment that suited my needs perfectly. It was within a neighborhood that I liked and nearby amenities that were important to me, such as a local grocery store, walking trails, and a private bus route. The price was within my range, and I completely fell in love with it. Meredith took me to this apartment based on my individual wants/needs, and it was a perfect fit. Everything fell into place wonderfully.

Without this tour, I would have been completely shooting in the dark. The tour with Meredith allowed me to get a good feel for Indianapolis and the surrounding suburbs. This allowed me to determine the neighborhood that would best suit my personal preferences and needs. After I was done, I felt that I had gotten an excellent feel for my location of my apartment and some of the attractions surrounding it.

I could not imagine completing this apartment finding process without the help of the tour with Meredith. I was rather clueless to the entire process of apartment finding and moving out in general. Meredith helped guide me throughout this process, giving helpful advice along the way. When I was finished, I felt at home and at ease.

The tour went above and beyond my expectations. I was very pleased."

My wife and I wish to express our sincere appreciation to your team during last weekend's tour. Your staff is friendly and supportive while providing a professional engagement working around our schedule.

Our hostess, Meredith, exceeded our expectations by supporting a Sunday meeting, in depth knowledge of Indy and the surrounding area; while her personality and friendliness put my wife at ease. Meredith also adapted as our from wanting to check out other cities not originally on our schedule to driving us see a model home that we wanted to see before our flight home. She was wonderful. On our flight back, two statements from me wife summarized this engagement.

1. "... I felt that I was talking to my friend, not a hostess."
2. "Her tailored tour and on-the-fly adaption to our interests made me fall in love with Indy."

This is what I needed to gain the approval of my family for this move to Indiana.

"I wanted to let you know about a very positive experience my husband and I had with one of Meredith McVicker. She arrived promptly and had a basket full of snacks and beverages in the car for us, which was such a hospitable touch. She gave us a very detailed tour of Indianapolis and surrounding neighborhoods. She even knew where to stop for a delicious cup of organic coffee which was a nice little break in the day. She had a wealth of information and had a quick reply to every question we had. She pointed out all the nooks and crannies of neighborhoods as well as parks and recreation locations that she thought we would enjoy with our young son. All of this while driving with extreme caution I might add, which is a talent all in itself. We found her insider tips to be extremely valuable as we begin this new life transition and we would certainly request her services again should the need arise. You have a wonderful employee in Meredith and we just wanted to share our experience with you as these things are so often overlooked."
